January 2015

Welcome to the January 2015 edition of the NARIC News. We wish you all the best for 2015.

Universities now deciding on applications faster than ever

In 2014, for the first time, January was the month with the highest number of log-ins by admissions teams to the UK NARIC databases, to check and assess qualifications. This clear January spike in UK NARIC usage seems to confirm the new emphasis in universities on faster application turnaround to improve conversion rates in an increasingly competitive HE environment ([more...](#))
